Available in:

BULK North Island Only

Suitable for:

Castlegate James PKE Infusion Meal is an excellent high energy product with a good source of natural proteins. The added benefit it is safe to feed via paddock trailers or as part of a TMR ration via a Mixer wagon. This is because of its high sugars, fats and low starch and balanced NDF.

PKE Infusion Meal

Castlegate James uses the best uniquely sourced high energy products available creating a sweet palatable taste that encourages dry matter intake, crucial for increasing milk production and live weight gain.

PKE Infusion Meal tailored to compliment grass, hay or good quality silage/bailage. Suitable for paddock feeding or part of a TMR diet.

Feeding guide

Please consult with your local CJNZ Key Account Manager or your nutritional advisor about recommended feed rates. We suggest you ensure proper transition over an extended period and offer access to quality fibre. We also strongly encourage you to ensure fresh water access at all times.

All information is presented in good faith and to the best of our knowledge and resources; however variation in values and outcomes of feeding this product may occur.

Availability

PKE Infusion Meal is available on a long term and regular basis for customers wishing to secure an ongoing supply. Clients can choose to purchase PKE Infusion Meal on a spot basis subject to availability or enter a contract ensuring guaranteed supply.

Additional notes
